Vehicle Scrutiny

Vehicles must be presented for inspection by a scrutineer nominated by the host club before being allowed to compete. The Supp Regs for each event shall clarify the scrutineering process for that event. Participants can also use the 'Self Scrutiny' checklist

Vehicle Class Declaration

All registered Series competitors are required to choose and declare a class from those listed under the Class Structure section of this document. This will apply to that competitor's entries for Series events which will be hosted by a variety of host clubs. A competitor may change their vehicle class during the season (if say the vehicle is modified) by notifying the committee of such change and the amended class declaration. The goal here is to try and simplify the class declarations prior to each event which historically has been challenging.

For vehicles that are not in the Series database, efforts will be made by the Series administration team to contact competitors via email addresses provided by the host club, to seek information on vehicles and allow these vehicles to be classified for each event.
